THE IDOLM@STER

こんにちは、みづしま亜留です。
今回は千早の赤面メインな本です。

久しぶりにいつもの
恥ずかしがったり困ったりな本を描いた気がする…

年に１度の千早オンリー！
はりきってガツガツ本つくるぞ！
…と去年は思っていたのですが。
なんとか１冊こさえられた状態です。
なんという不甲斐なさ。

…そうだ
鳥取オンリの時に人様の本に描いたマンガが
赤面系(?)だったので収録してみました。

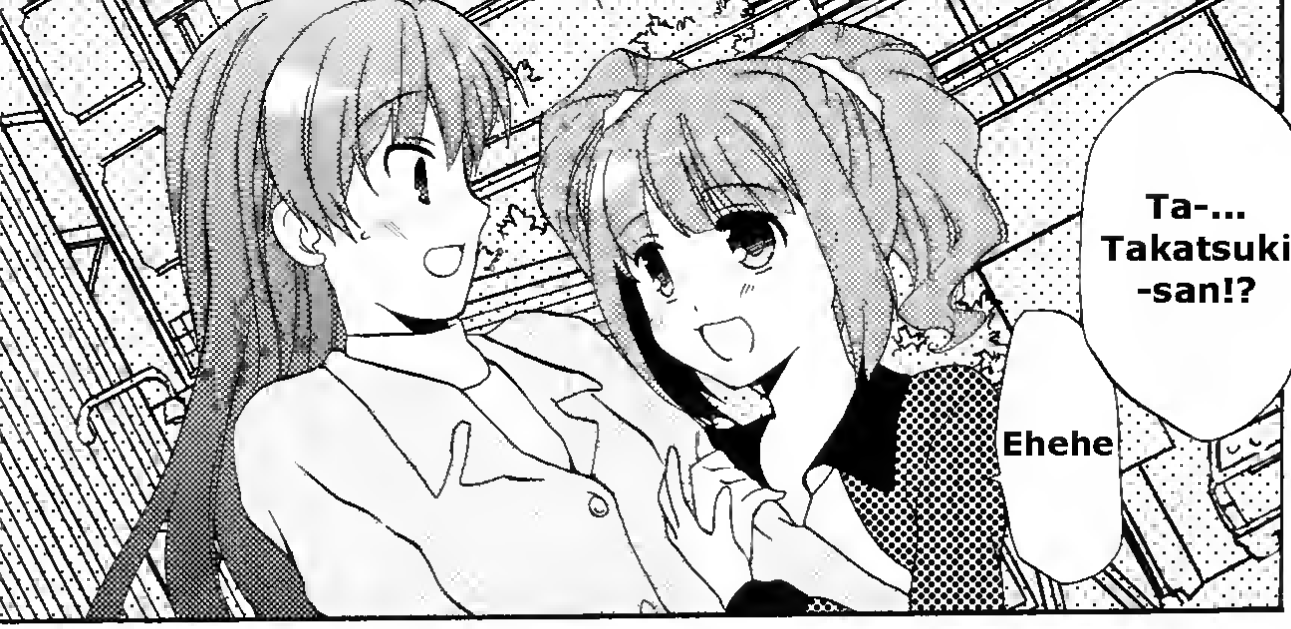
Chihaya, sorry, but could you take this to the post office for me?
Please wait, Chihaya-san.
Takatsuki -san

I should have worn a thicker coat...
Yeah...Until yesterday it was warm too...
It's quite cold today, isn't it?
It seems that my producer is a bit late.
So, could you hang out with me for a little while?
?
Ah, I know a way to warm you up quickly!
Here we go!



Ta-... Takatsuki -san!?
Ehehe

は、

If I cling to you like this, it's warm, right?
W-Well, that's true...

B-But, it's difficult to move like that.
くるっ

You're right. If you can't move it's no good.

Quickly, back to the office...
うぅ...
Sorry about the wait. I finished my business.
Looks like the wind has gotten colder than before.
Ah, okay.
I've got the perfect thing.
Are you cold, Chihaya-san?
はぁ...
It really wasn't a good idea to wear just a coat...

...What?
Here you go.♪

I got these from a photoshoot near the end of last year.

Uh...but, they're a bit too cute for me...
I'm fine with the cold. So, please use them, Chihaya-san.

By all means, go ahead.
Uu...
I can't refuse now...

We're back!
Oh, you met on the way back? Thanks and welcome back, Chihaya.

I've been waiting for you, Yayoi!
Ah, Producer!
Ah, Takatsuki-san
Um, Takatsuki-san gave…
What's up with those gloves?

I'm gonna be someone famous. You'd better remember me!

Chihaya! Your next costume this!!
Good for-nothing dog costume
Your entire image will go up! It's the costume of your dreams!! Although, people around you will think you have no fashion sense. You have been warned.
I figured an animal costume was going to be impossible..

Is it really okay that I get to wear this cute costume!?
What!!
An unexpected answer!!

...Why?
Chihaya-chan, try holding your mouth open with your fingers and saying "I was born on a pirate ship."
Just try it, please.
I don't understand the choice of words...
See, like this.
I was born on a pile of...
of...?

I know this is sudden, but a previous guest has come to draw. The above is satow-kun's Chihaya book, HarukaChihaya comic. The joke is a bit, you know... Sorry, Haruka (about the joke).

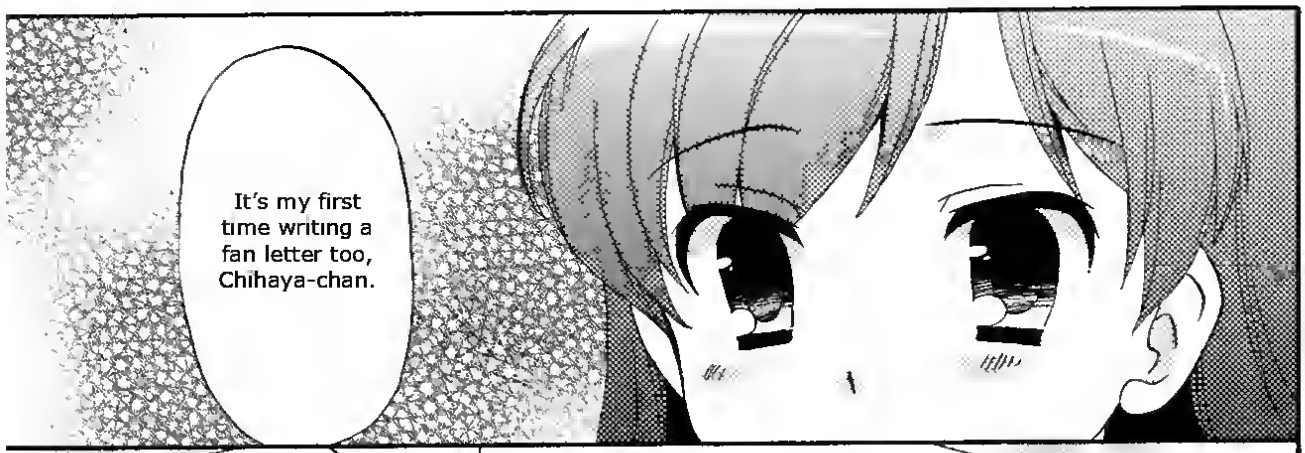
Ah!
Chi~haya-chan, ♪ what're you doing?
Ha-Haruka, good morning.
Did you hide something, just now?
ぎくっ

Speaking of paper, Haruka, have you written it yet?
N-No, nothing.
You have a pen and eraser on you desk though, having no paper is unusual...
...
...I knew it.
...What?
It's almost the deadline.
See, in this magazine, Idol Duo, there is a section where they print fan letters.
Ch

I'll write it right now, too.
Uwaa! I forgot!
I'm glad I mentioned it. Trying to write fan letters are pretty tough...
Alright! I'm done.♪
What!?
How did you write that so fast...?
Yep, looks good.♪
If you don't mind, could I see it?
No.
You wouldn't show me what you were writing.
.....



I just wrote my straight feelings down.

To Chihaya-chan,

I can say this to you now.
"You're going to debut with Chihaya." When Producer said that I was really nervous. Because Chihaya is so cute, can sing and dance really well...
I thought that I would always trip over my own feet, but when you said "let's do our best, together," that made me so happy.
To properly answer to those words, I give it my all at auditions and lessons. Before we knew it our Idol Rank had gone up by a lot. It surprised me! Despite that, I'm still following behind you, Chihaya-chan.

From here on let's continue doing our best, Chihaya-chan.
Together! OK!☆

Amami Haruka

You don't have to think about it too hard, Chihaya-chan.
Haruka...
Since it's you, if you think about it like singing a song, perhaps it will be easier to write.
Bye, have fun.♪
I've gotta give this to Producer.
ぱたーん..

I hope you like it.

To Haruka,

Here, I am writing my letter in order to pass along my feelings. It's rather embarassing.
You, Producer, and I, the three of us, continuing our dream.
Before, I could not have dreamed how far we had made it. Our circumstances and surrounding have changed greatly... Although, the thing that probably changed the most was myself. The me who cared about singing. Haruka and Producer taught me about other things, many other things.
Letting our songs ride upon that shining brilliance.
Also, I would like to continue singing with you two.
Let's continue aiming for the top.

手紙だけ載せるのも寂しいのでマンガ描きました。

文章もそれっぽく書けたと思うのですが
どうでしょう(自画自賛)
